

The eCode iBar is your Identity bar, your Information bar, your Intelligent bar, your personalized Internet bar.

The eCode iBar allows you to perform a variety of tasks, from any location, on whatever PC you happen to be using.

- Stay in touch - access your self-updating Address Book with a single click and schedule your time with our calendar
- Shop - purchase books, software, airline tickets, and auction items with your electronic wallet
- Find - search for sites, people, businesses, references
- Learn - find a new job, find out about college aid, learn about new health products
- File - access your personal files from any PC
- Stay current - learn the latest news (technology, sports, headlines) and weather
- Fix - get immediate help from a PC helpdesk, and from eCode.com

eCode iBar™ for Partners

Extend your company's brand reach by customizing the eCode iBar with your company logo, and by adding links to specific pages on your Web site.

Your custom logo will be visible to users during the entirety of their Internet experience. You can customize Tabs for your news, events, and announcements, to be viewed by all of your customers, all the time.

Provide a valuable free, personal service to your customer.

For more information, please contact Partners@eCode.com.

eCode.com is the global leader in Internet user identity management. An eCode is a universal identifier that enables individuals to stay in contact with friends, colleagues, customers, and suppliers, while making the Internet experience quicker, more efficient, and more secure. From a toolbar that makes surfing the Web a breeze, to other productivity tools such as our self-updating Address Book, eCode.com's products and services are secure, reliable, and free to consumers! We do not share, trade, sell, rent, lease, or otherwise disclose member information to any third party. Users are in full control. That's the way it should be, and that's eCode.com's philosophy.

Today, eCode members from over 120 countries use eCode.com to enhance their lives.
